

Join the second Nordic webinar on aging and oral health

The importance of oral health for functional capacity in the ageing population

WEDNESDAY 29.4.2026

**Free live webinar
in English in Teams**

 FINLAND	16:00 - 17:00
 SWEDEN	15:00 - 16:00
 NORWAY	15:00 - 16:00
 DENMAR	16:00 - 17:00
 ICELAND	13:00 - 14:00

By 2040, over **25% of Nordic residents** will be 65 or older. They're keeping more teeth, living longer, and needing **more complex, personalized oral care**.

Nordic Healthcare Group (NHG) and the Finnish Dental Society Apollonia are organizing a free **Nordic webinar for dental care professionals**. Our upcoming webinar brings together expert speakers who will share their experiences with the webinar hosts Annamari Nihtilä, Secretary General, Apollonia and Petteri Bjurström, Senior Manager, NHG.

MEET OUR SPEAKERS

Timo Närhi

DDS, PhD, Professor, Specialist in Prosthetic Dentistry and Stomatognathic Physiology

“The Power of the Bite: Rethinking Chewing Function in the Elderly”

Inger Wårdh

Specialist dentist in Orofacial medicine, Associate professor in Gerodontics

“How to keep a functional bite in high ages”

DON'T MISS OUT - HERE'S WHY!

- Inspiration to improve oral health outcomes for older adults
- Hear from dental care experts how aging trends are reshaping dental care
- How collaboration can improve care quality

**No registration
required**
